

SUB: Admiration for returning back to work soon after the heavenly-passage of your mother.

Thu, Dec 29 2022, San Jose, CA, USA

To

1. Hon'ble PM of India,
2. Ministry of Home Affairs,
3. Ministry of Defence,
4. Ministry of Information and Broadcasting,
5. Ministry of External Affairs,
2. To whoever else it may concern,

Dear Respected Sir,

Namasthe. My sincere thanks to your Central government for striving to develop India on par with developed countries. I admire the audacious dream of raising the Indian living standards with a number of policy reforms like National Education Policy, Startup India, Skill India, Agnipath, Gati-Shakthi, Gift City, Mission Karmayogi, GEM, JAM Trinity, Semiconductor PLI and other such Digital India manufacturing policies etc.

I am grateful to see your return back to work quickly after cremating the remains of your mother so that one day, hope in the near future that every responsible manavatha-vadi Indian citizen can also provide such honors to their deceased. When I was young, I was told many times that one must perform religious last-rites of their deceased, and every year revere, remember and pray every year for their deceased so that those souls have a safe-passage to the heavens instead of those souls lingering on Earth unsatisfied. Such unsatisfied souls are a cause of ruin of not just those families but also entire communities and sometimes entire realms. If you are a Sanatani, I humbly request you to please meditate on what I wrote in this letter sometimes so that your grief perishes as quickly as possible for at least the remainder of this term as the Prime Minister of India. Until the end of your term as the Prime Minister of India, I encourage you to focus only on solving the grief of all those law-abiding responsible manavatha-vadi Indian youth who NOT only do NOT get to talk to their loved ones before they pass away but also never get a chance to even see their deceased's remains because they are stranded on duty at sparingly accessible borders, in a distant Indian state or somewhere on the foreign lands.

Also whatever your own Advance Directives, Will and Cremation wishes are, please kindly share them with your friends and well-wishers from different walks of life. As you know, you have such a following

as a Nationalist political leader of India that in an event of your death by assassination or under any other suspicious circumstances, I wish NOT to see South Asia ripped apart in riots, civil wars or national wars.

Since it is in my own personal interest that India becomes a stable, harmonious, peaceful and a prosperous nation with more than 15 trillion dollar economy soon, I humbly present this matter for your Government's review keeping in mind the ever changing politics & economies around the world and also the breaking-India forces in the neighborhood of India and also around the world.

What I wrote is from/related to my own research and experiences. Please kindly forgive me if I said or asked for anything inconvenient, incorrect & wrong. Due to time constraints, please kindly forgive my English mistakes too. Since it is in my own personal interest if not anyone else's grievance that all Indians are aligned towards improving standard-of-living for all, I am submitting this humble grievance/request/suggestion attached as a PDF document.
