

Namasthe, Before torturing the captured terrorists of Manipur/Nagaland, I wish they are given some time to explain what life-events lead them to terrorism. Hope it is recorded as case studies to go into the roots of the social problems faced in their communities. Also wish PM has a meeting with Christian & Buddhist missionaries (who are doing excellent charities there in Nagaland/Manipur/Mizoram) to understand the problems faced in their communities. Satyameva Jayathe! Kal Gandikota
